

YOUR GUIDE TO

# ANESPA DX HOME SPA SYSTEM

# THE SOLUTION TO YOUR SKIN, HAIR, AND WELLNESS CHALLENGES...

Enagic's **ANESPA DX Home Spa System** transforms your daily routine into a luxurious wellness experience, combining cutting-edge purification technology with the rejuvenating essence of Japanese hot springs.

Say goodbye to the damaging effects of ordinary tap water and harsh chemicals, and embrace a ritual of ultimate relaxation, radiant skin, and silky, lustrous hair.

## Your Skin and Hair Deserve Better

Every time you step into the shower, your skin and hair face a silent enemy: tap water filled with chlorine, bacteria, and other impurities.

**Over time, this daily exposure strips essential oils, leaving your skin dry, irritated, and prone to premature aging.**

Your hair becomes brittle and dull, lacking the vitality it once had. No amount of lotions or conditioners can truly reverse the damage caused by such harsh water.

## YOUR HOME IS OVERFLOWING WITH CHEMICALS

From shampoos to cleaning products, modern households are flooded with harsh chemicals that harm your skin, pollute the environment, and fail to deliver on their promises.

These products can irritate your skin, weaken your hair, and leave toxic residues that are harmful to you and your family.

## Stress is Stealing Your Peace

Life's endless demands leave little time for self-care. Finding a moment to unwind feels impossible, let alone indulging in a spa retreat.

You dream of a spa escape, a chance to rejuvenate and reset, but finding the time, money, and convenience to indulge feels impossible.

Stress builds up, and the moments you take for yourself are too few and far between.

## Water: The Silent Culprit

We often take water for granted, but the truth is, the water you use can either support or sabotage your health. When your water is filled with impurities and lacking in nutrients, it can't provide the nourishment your body needs to thrive.

## The Solution: The Anespa DX Home Spa System

Imagine turning your daily bath or shower into a luxurious and rejuvenating experience, free of harmful impurities and full of nourishing minerals.

The **Anespa DX Home Spa System** brings the power of natural hot springs into your home, transforming your tap water into soothing, mineral-rich ion water.

With the Anespa DX, you'll finally have a solution to the everyday challenges that affect your skin, hair, and overall wellness.

## HOW THE ANESPA DX WORKS

### Advanced Purification Technology

The Anespa DX removes nearly 100% of chlorine, bacteria, and other harmful substances from your water. This not only protects your skin and hair but also creates a healthier bathing environment for you and your family.

### Infused with Natural Minerals

By enriching water with minerals directly sourced from nature, the Anespa DX delivers benefits far beyond ordinary water. These minerals nourish your skin, restore hydration, and create a relaxing, spa-like experience in your own bathroom.

### Mineral Ion Water: The Heart of the Anespa Experience

The water produced by the Anespa DX is more than clean—it's therapeutic. Infused with minerals from Japan's famous Futamata Radium Hot Spring, this water soothes your senses, nourishes your body, and leaves you feeling truly rejuvenated.

## LUXURY BACKED BY INNOVATION

Every element of the ANESPA DX has been meticulously designed to transform your everyday bath or shower into a luxurious, health-enhancing ritual, powered by the very best of nature and technology.

### Tufa Stone

#### A Gift from Japan's Healing Hot Springs

At the heart of the ANESPA DX is the Tufa Stone, directly sourced from the legendary Futamata Radium Hot Spring in Hokkaido, Japan. Renowned for its therapeutic properties, this mineral stone infuses your water with the same gentle, relaxing benefits as a hot spring retreat.

### MIC Stone

#### Gentle Alkalinity for Radiant Skin

The MIC Stone creates water that is mildly alkaline, perfectly balanced to support your skin's natural pH. This gentle alkalinity hydrates and nourishes, leaving your skin feeling soft, smooth, and rejuvenated. It's like having a natural skincare treatment, delivered straight from your showerhead.

### Power Stone

#### Negative Ions for a Positive You

Infusing your water with potent negative ions, the Power Stone enhances your overall sense of wellbeing.

These restorative ions are known for their calming effects, helping to relieve stress and reinvigorate your body and mind. Every shower becomes a moment of renewal, a reset for the challenges of the day ahead.

### Advanced Ceramic Cartridge

#### The Pinnacle of Water Purification

The ANESPA DX's redesigned ceramic cartridge represents a leap forward in purification technology. Larger and more efficient than ever, it removes nearly 100% of chlorine and other harmful substances from your tap water. What remains is clean, mineral-rich water that revitalises your hair, skin, and senses. No harsh chemicals, no irritants, just pure, luxurious water, the way nature intended.

The ANESPA DX is an investment in a premium lifestyle that prioritises health, relaxation, and elegance.

With every component thoughtfully engineered for exceptional performance, the ANESPA DX transforms your bath into an experience worthy of the finest spa resorts. When you choose ANESPA, you choose unparalleled quality, backed by nature and perfected by Enagic.

## ELEVATE YOUR EVERYDAY WITH THE PREMIUM ANESPA DX EXPERIENCE

Infused with the healing essence of Japanese hot springs and powered by advanced purification technology, every drop of water becomes a nourishing elixir for your skin, hair, and wellbeing.

### For Radiant, Youthful Skin

- **Intense Hydration:** Infuses your skin with moisture, eliminating dryness and irritation caused by ordinary tap water.
- **Powerful Protection:** Effectively removes chlorine and harmful impurities that strip your skin of its natural vitality.
- **Perfect Balance:** Supports a healthy pH for smoother, softer, and visibly youthful skin.

### For Silky, Lustrous Hair

- **Softness Redefined:** Leaves your hair touchably soft and easy to manage.
- **Restored Strength:** Minimises damage caused by harsh tap water, preserving your hair's natural resilience.
- **Brilliant Shine:** Revives your hair's natural lustre, making every strand look and feel healthier.

### For Complete Wellness

- **A Calming Oasis:** Experience daily spa-like relaxation that melts away stress and rejuvenates your spirit.
- **Mineral Nourishment:** Infuses water with minerals that invigorate your body and support natural healing processes.
- **Eco-Friendly Luxury:** Eliminates the need for harsh chemicals, offering a sustainable, toxin-free alternative for your home.

# WHY THE ANESPA DX IS A CLASS APART

### Your Personal Home Spa System

Luxury doesn't have to be reserved for getaways. With the ANESPA DX, you can enjoy the soothing benefits of a Japanese hot spring every day, turning your bathroom into a premium spa retreat.

### Healthier Water for a Healthier You

Say goodbye to the skin and hair damage caused by ordinary tap water. The ANESPA DX purifies every drop, enriching it with natural minerals that protect and revitalise.

### Sustainability Meets Sophistication

Modern living often relies on harmful chemicals and excessive plastic. The ANESPA DX offers an eco-friendly solution, replacing chemical-laden products with the power of pure, mineral-infused water.

### How to Get Started with the Anespa DX

**Simple Installation:** Easy to set up in any bathroom, with detailed instructions included.

**Effortless Operation:** Designed for convenience, the Anespa DX requires minimal effort to use.

**Minimal Maintenance:** Occasional cartridge replacements ensure optimal performance.

### Specifications
